I really like all the fun lessons we have and when I am challenged.	I like PE and science, also when we do things like different at lunch. I like all Fay's meals like chicken korma and apple crumble. I like doing art, especially when we draw paint and create art.

What do you think we could do to make our school even better?	
Nothing, it's amazing already!	I don't think anything could make our school even better.
We could respect the equipment more and chat less during lessons and in science more time for experiments. In art we could do less writing and more drawing.	I think that we should do more PE and we should be allowed to go on the grass more because I think it is wasted ground and we cannot use the climbing frame on it.
Less learning.	To have less equipment broken.
I think we should be allowed to go on the grass to play more and do more drawing in art and less	Come to school in slippers. It will make less mess and we would feel calm.

writing. We should also do PE more because sometimes we miss PE on Tuesday.	
I think you can do nothing.	If Red Kites would stop taking over the playground.
Teach the older children not to be wild at playtime.	Have ten more minutes of break. Have more maths and more science and more PSHE.
To have goal posts.	I would children not to play loudly in the quiet area.
Do more experiments in science, and have more equipment outside.	I think that the school could book more school trips because we really like them.
Make stuff more interesting.	Swimming pool.
Playtime in the afternoon.	More trips.
Better toilets.	I don't like Red Kites pushing in the line.
Playtimes could be better, sometimes it is a bit rough and I get tripped over.	The toilets, there are spiders.
More school trips x 5	Nothing, it's good the way it is.
