Science Knowledge Organiser

Materials	Year 1	Spring 2

We can use our **senses** to help us **describe** what a material is like.

Use your hands to feel the object.

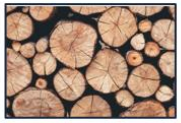

Use your eyes to look closely at the object.

rock

fabric

paper

brick

wood

rubber

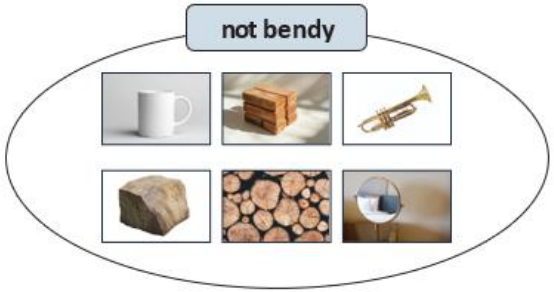

glass

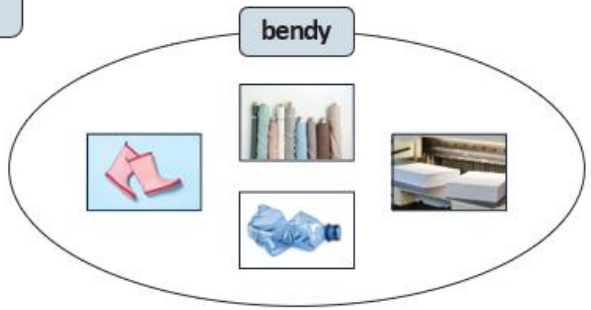

plastic

metal

ceramic

We can compare and group materials in lots of different ways. These materials have been sorted into two groups.

Sticky Knowledge

 bendy	 describe	 dull	 glass
 investigate	 material	 metal	 object
 plastic	 properties	 rough	 rubber
 shiny	 smooth	stiff	 wood
